

Tabatha and I had 2 consultation sessions and she took 2 weeks to implement our plan for her. Imagine what could be done in a full year of coaching as part of a co-operative team!)

"As a result of working with Daryl I discovered hidden potential I wouldn't have seen without his help.

As a result of some simple steps we came up with, I've easily added an extra \$10,000.00 to my bottom line.

Money I was leaving on the table until Daryl came along."

At first I was skeptical but as I read this book it really opened my eyes. I've seen so many business owners and marketers make these mistakes and not realize how they're being perceived.

The checklists and examples were very helpful and I think anyone looking to make sales or grow their business would really benefit from reading this.
